

Would you like a Laneway House that is affordable, built with expertise, and can give you a positive rental cash flow immediately? We are your solution.

Now available in Vancouver within RS-1 and RS-5 zoning areas, we can help clients create they keys for a substantial positive cash flow above all costs in many cases.

We have a pre-approved plans that we build in approximately 60 days. Because we are able to construct our Laneway Homes in a production process, we can often build our homes for 10% – 20%+ less than our competition. Some changes can be made to our plans but to keep our cost low and your rental return high, we must stay generally within our pre-approved plans.

When you decide to work with us, it's a very easy process for you ... because we do everything!

Laneway Houses are an excellent option to :

- Purchase / qualify for a bigger house
- Create more value in property
- Increase income
